

## Seminar Canceled, Winter Storm Warning! Don't Get Caught out in the Cold-Av Wx 101

This Seminar has been canceled due to a Winter Storm Warning! It will be rescheduled to a later date. Winter weather is the most critical and complex variable that affects your flying. Poor weather conditions with fast moving fronts, strong and gusty winds, blowing and drifting snow, and icing conditions are just part of the conditions that require careful planning in order to minimize their effects. Featured speaker Jeff Tongue of the National Weather Service will share some tools available to every pilot and how to best apply them.

**Directions:** I 95 Exit 30. Lordship Boulevard to Great Meadow Road, Airport entrance. Please be mindful that we are guests of Volo Aviation. Use the restrooms located in the hangar.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

### Event Details

**Tue, Jan 21, 2014 - 7:00 pm**

**Volo Aviation Inc.**

900 Great Meadow Road

Volo Hangar

Stratford, CT 06615
